

INDIA'S TOP 50 BUSINESS SCHOOLS SURVEY 2020

THE LATEST SCHOOL OF THINKING

The world is changing so is the corporate ethos around us, staying up to date with the latest trends and changes in society is a must. As an individual, our sole aim in life has to be climbing up the ladder of success smoothly, and transitioning from one phase to another is equally important. Taking examples and role models of billionaires and visionary industrialists is a good way of dreaming big and dreaming differently. Going through some of their lives, we do see a similar pattern. The pattern is nothing but having a good education in the field of management education. It goes without saying that the ones, who aim to establish themselves in the ever-changing and dynamic business arena, should have a strong and sound foundation in business education. An excellent b-school helps you learn, grow, and gather in turn benefiting your positive knowledge gain in innovation, creativity, research, and entrepreneurship.

With the world progressing each day towards new careers, new professions, and new ideas. In the pursuit of getting an academic boost and a platform to help showcase their excellence, a number of young minds compete hard to get into eminent business schools each year. However, with the rapid mushrooming of B-schools in different corners of the country, it has become quite troublesome for the students and parents to choose the right college which will literally stand up to their expectations and provide a good return on their investment of both time and money. Hence, in order to ease this process of selecting the appropriate and ideal B-school, we at the Academic Insights have come up with a list of institutes as India's Top Business Schools Survey 2020 which comprises only the handful of the institute which offers an exceptional management education with the aim of generating professionals imbued with real-world business experience and desired skills.

ON COURSE TO EXCELLENCE

India being the country with the second largest population in the world and at the same time being the fastest growing and influential economy, has surprisingly seen and undergone a rapid expansion over the past few decades in its higher education system. India now has the largest higher education systems in the world, after China and the USA. As a result, there are thousands of colleges and universities in India coming up to fulfill the need for quality management education catered to the masses.

Selecting the right B-School to pursue your higher education might be tricky and difficult at times, with literally 1000s of options at your disposal. It is important for students to study through the pros and cons of various b-schools, before taking a blind leap of faith into an unknown territory. Various factors like specializations, curriculum, and affiliations of the University, campus rating, internship opportunities, and research opportunities need to be evaluated before picking a b-school for your further management endeavors.

To make it easy for you, with the tedious selection process, we at Academic Insights have recognized the best emerging b-schools of India, and thereby, have come up with an exclusive title called – India's Top 10 Emerging B-Schools 2020. This edition highlights private upcoming b-schools, who have shown tremendous performance in the last academic year. Due to the lack of right marketing, many noteworthy b-schools miss reaching out to the right students and the right crowd. Helping such colleges with a thorough marketing platform to reach out to the right crowd and on time, upcoming b-schools get a morale boost, pushing them in the direction of excelling in terms of giving out quality management education. In addition, this edition will also act as a guide for budding management aspirants, helping them towards picking the right b-school for his/her management aims/goals gliding towards achieving excellence.
